

Welcome, Bob, to the WHEN Member site!

Your site has two primary objectives:

1. Provide you, and colleagues at your firm, with easy access to the thought leadership and practical experience, contributed by participants as we enter our 6th year; and
2. Provide a platform for you to share content of interest with other members, ask questions, and solicit feedback or comments from other members.

Your comments and suggestions for making your site more useful are welcome!

The site has 5 sections, each with its own filter to find content.

1. **Presentations and Discussions** includes presentations and recordings, speaker biographies, and supplemental information for each session.
2. **Speaker's Biographies** are also separately cataloged to help you learn about past speakers who may be useful in your endeavors.
3. **Surveys** currently includes WHEN surveys but is not limited to that. We will add other surveys of interest to the group, and members are encouraged to do so as well.
4. **WHEN Member Exchange** is a tool to collaborate and network with other members. Share an article or ask a question to get feedback from others in the group.
5. **Supplemental Information** includes WHEN supplemental session materials. It is composed of two parts, one for WHEN administrative materials and meeting notes, and a second for additional materials provided by speakers.
